## OCR: Discrimination Complaint Form - Submission Confirmation

help me but sent students to the math lab. I did go but I was failing. The college has ignored my documentation proving that I have been struggling with Algebra since 2nd grade. I provided them with state testing scores. I provided them with Algebra SATP score and a test that I could not ever pass. If the law in Mississippi had not changed I would not have been able to graduate. I provided them with medical documentation and still they have not responded. My Algebra instructors from high school and now my college algebra instructors would testify to my work ethic. I just cannot comprehend it and reading comprehension is part of my disability, as well as Autism/Asperger's and Algebra. The fact that they have not responded to my request I think tells me that they do not care about my disability or anybody else's because they test students with disabilities on the same number of problems as those students without disabilities and they have not responded.

Do you have written information that you think will help us understand your complaint?

Agency Name: Letter of Correspondence

Date Filed: 06/19/2018

My mother submitted a letter of request on 6-19-2018 in regards to receiving a waiver, substitution, or comparable course instead of Algebra. On 6-29-2018, I Maggie Russell, added an addendum to that letter requesting the same and giving permission for my mother to act on my behalf. As of 7-7-2018 there has been no reply from the administration or from the Dean of teaching and learning, Dr. Suzi Brown. My request is based off information that I received from my Congressman Steven Palazzo, that states that I have the right to ask for a waiver from Algebra.

**6. Describe the discrimination**

On what basis were you discriminated against?

disability;

On June 19, 2018 my mother submitted a request to Dr. Suzi Brown for a request of a wavier, substitution, or comparable course instead of taking Algebra towards graduation. On June 29, 2018, I myself submitted an addendum to that letter stating that I endorse my mother's letter of request and that I give her permission to act on my behalf. As of July 7, 2018 there has been no response from the administration or Dr. Suzi Brown. I have discussed this with my counselor Mrs. Almee McGeehee in the enrollment center and consulted her with what other courses could be considered. She is a witness to the letters I sent to the college and as of July 7, 2018 the administration or Dr. Suzi Brown have not contacted her. I believe, because this is my last semester before graduation in Spring of 2019, that the administration is waiting for the Fall semester to start and hope that I will do well and then that will be the end of it. I only passed Intro to Algebra because the instructor Mr. McClendon allowed retests because I could never pass his tests. He allowed reteaching and retesting. I took intermediate Algebra and failed but stated throughout the whole course with Mr. McClendon but got behind and never could pass the test. I tried to take College Algebra this summer but had to withdraw because it was too advanced and this instructor said no retests and he was not available to
